

*VIIth General Assembly of INBO
7 June 2007, Debrecen, HUNGARY*

***Central and Eastern European Network of Basin
Organizations***

***Le Réseau Européen Central et Oriental des
Organismes de Bassin***

- Progress Report -

Contents of presentation

- **CEE NBO meetings and activities 2002 – 2007**
- **Final Resolutions of the last General Assembly of CEE NBO, Cesky Krumlov, CZ, 13 October 2006**
- **Secretariat of CEE NBO – new location**
- **Next meetings and strategy**
- **Other activities :**
 - participate in **SCG of EC meetings (CEE NBO is Observer)**
 - take the necessary steps to **extent CEE NBO**;
 - present the activity of CEE NBO in INBO meetings, including by articles in *The network newsletter* and different other newspapers ;
 - create and up-date the **CEE NBO site** (www.ceenbo.org) ;
 - animate CEE NBO members to apply for **TWINBASIN programme**

CEE NBO meetings and activities - 2002

- **The 1st General Assembly of CEE NBO, Sinaia / Romania, Feb. 2002** - Analyse et Acceptance of the CEE NBO Statute; Elections
- **CEE NBO Technical workshop, Warsaw / Poland, July 2002** – Topic : “Impact and pressures”
- **The 1st CEE NBO Liaison Bureau & Technical workshop, Calimanesti / Romania, Nov. 2002** – Topic : “Delineation of surface water bodies - Designation of heavily modified water bodies”

CEE NBO meetings and activities - 2003

- apply to SCG of EC concerning the participation of CEE NBO in the Strategic Coordination Group meetings → **CEE NBO is Observer in SCG of European Commission.**
- create the **CEE NBO site** www.ceenbo.org ;
- organize a study-tour of *Apele Romane* experts (39) in Hungary and Czech Republic ;
- organize the **IInd CEE NBO Liaison Bureau & Technical Workshop - Tulcea / Romania, September 2003** ;
- participation at the **International Workshop on WFD - Valencia / Spain, 11-13 November 2003** - involvement of CEE NBO in **EURO-INBO project.**

Meetings and activities 2004 - 2005

- Participation at **General Assembly of INBO, Martinique / France, 24 – 28 January 2004** ;
- Co-organise the first **Liaison Bureau – Network of International Commissions and Transboundary Basin Organizations, Voina / Romania, 27 – 29 May 2004** ;
- Co-organise the **General Assembly of CEE NBO** together with IOW and Polish Ministry of Environment and **participation to EURO-INBO Conference, Krakow / Poland, 25 – 27 September 2004**;
- Co-organisation of the **Liaison Bureau of CEE NBO** and participation to EURO-INBO Conference, **Namur / Belgium, 29 – 30 September 2005**

CEE NBO Meetings and activities – 2006

- Participation in the **IIIrd WWF** and co-organisation of the **EURO-INBO Conference**, Mexico, *Mars 2006* ;
- Organization of the **CEE NBO workshop**, Bucharest / Romania, *21 - 22 June 2006*; *Topic : **Definition of the GES and GEP. Surface water monitoring*** ;
- Participation in the **EURO-INBO meeting, TWINBASIN Steering Committee and INBO Liaison Bureau**, Megeve, France, *20 – 22 September 2006* ;
- Co-organisation of the **3rd General Assembly of the Central and Eastern European Network of Basin Organizations**, Cesky Krumlov, the **Czech Republic**, on *13th October 2006*.

The 3rd General Assembly of CEE NBO,

Cesky Krumlov, Czech Republic, 13 October 2006

- The event was organized by the “**River Basin Authority**” – **POVODÍ VLTAVY**, the **International Office of Water (IOW)** and the N.A. “**Apele Romane**” as the **Secretariat of CEE NBO**.
- **Country participants** : Belarus, Czech Republic, Hungary, Moldova, Poland, Romania, Russia and Uzbekistan.

Statutory Decisions of the General Assembly

CEE NBO PRESIDENT - Mr. Petr Kubala, Czech Republic.

CEE NBO LIAISON BUREAU

- **Mr. M.S. Ostojki – vice-President of CEENBO, Poland**
- **Mr. Ovidiu Gabor – Romania**
- **Mrs. Halina Burakowska - Poland**
- **Mrs. Galina Balusheva – Bulgaria**
- **Mr. Vaclav Jirasek – Czech Republic**
- **Mr. Dragana Milovanevic – Serbia**
- **Slovenia (to be confirmed).**

CEE NBO SECRETARIAT

- Ensured by N.A. “Apele Romane” / Romania –
Mrs. **Daniela Radulescu** - Head of the CEE NBO Secretariat
- Mr. **Jaroslav Beneš** from Povodí Vltavy state enterprise - Secretary assistant

Statutory Decisions of the General Assembly

Representatives of the Observer countries :

- Mr. Mikhail Kalinin - Belarus;
- Mr. Kalman Papp - Hungary;
- Mr. Dumitru Drumea - Moldova;
- Mr. Sergey Kostarev - Russia;
- Mr. Branislav Lipták - Slovakia;
- Mr. Oleksand Deziron - Ukraine;
- Mr. Pulatkhon Umarov - Uzbekistan;

All the working documents of the meeting, as well as the papers, are available on : www.inbo-news.org and www.ceenbo.org

Other activities of CEE NBO

- take the necessary steps to **extent CEE NBO**;
- present the activity of CEE NBO in INBO meetings, including by articles in *The network newsletter* and different other newspapers ;
- create and up-date the **CEE NBO site** (www.ceenbo.org) ;
- animate CEE NBO members to apply for **TWINBASIN programme**

CEE NBO Network (14 countries)

- **Full Members** : Bulgaria, Czech Republic, Poland, Romania, Serbia (from 2002)
- **Observers** : Slovenia, Hungary, Slovakia (from 2002); Ukraine (from 2003); Moldova (from 2004); Belarus (from 2005); Russia (from 2006), Uzbekistan (from 2006), Montenegro (from 2007)
- Concerning the CEE NBO extension, according to the Assembly proposal, the **Baltic Sea countries** have been invited to join the Network activities.

Other activities of CEE NBO

- take the necessary steps to **extent CEE NBO**;
- present the activity of CEE NBO in INBO meetings, including by articles in *The network newsletter* and different other newspapers ;
- create and up-date the **CEE NBO site** (www.ceenbo.org) ;
- animate CEE NBO members to apply for **TWINBASIN programme**

Constituirea organizației regionale a organismelor de bazin pentru Europa Centrală și de Est

Sinaia, 1-2 februarie 2002

Dr. ing. Costică SOFRONIE
Dr. ing. Petru SERBAN
Dr. ing. Daniela RADULESCU

Retenuta internațională a Organismelor de Bazin (ROB) are ca obiectiv principal promovarea gospodării integrate a resurselor de apă pe bazine hidrografice, ca instrument esențial al metodelor dezvoltabile în prezent. ROB cuprinde 134 de organisme de bazin și instituții ale administrațiilor centrale care se ocupă de gospodăria apelor în 51 de țări. Având în vedere, pe de o parte, marșul mare de număr și faptul că coordonarea distanțată este dificilă și, pe de altă parte, faptul că problemele pe rezonanță sunt specifice, a apărut necesitatea creării unei rețele Central și Est Europene a Organismelor de Bazin (Central and Eastern European Network of Basin Organizations - CEE NBO).

Prima Adunare Generală a Organismelor de Bazin pentru Europa Centrală și de Est a avut loc la începutul lui Februarie 2002, în România - Sinaia, la invitația Secretariatului de Stat, domnului Florin Stănilă, ministrul a fost organizat de Institutul Apelor și Protecției Mediului și Compania Națională "Apelor Române", cu suportul Global Water Partnership (GWP).

Am fost prezentați de participarea din nord și din zona central și est europeană: Bulgaria, Republica Cehă, Estonia, Ungaria, Letonia, Polonia, Serbia, Slovenia și România. De asemenea, domnii Jean-François Donziec, Secretarul Rețelei Internaționale a Organismelor de Bazin (ROB) și domnul Francisco Canal, Secretarul de Stat în Ministerul Mediului din Franța au onorat cu prezența dăruitoare înaltă.

Prima zi a fost dedicată obiectivelor prioritare ale Adunării Generale: analiza și acceptarea statutului CEENBO, alegerea președintelui, a Biroului de Legătură și a Secretariatului Tehnic Permanent.

Președintele CEE NBO a fost desemnat de către Adunarea Generală în persoana domnului Costică Sofronie.

Adunarea Generală a ales de asemenea Biroul de Legătură al Organizației, în componență: Compania Națională "Apelor Române", domnul Tomaz Włodyka-Kowicz, Ministrul Apelor și Protecției Mediului, Polonia, actualul Președinte al ROB, Cătălina Balaban, Ministrul Mediului și Apelor, Bulgaria;

La propunerea Biroului Adunare Generală a desemnat următorii membri ai Secretariatului Regional: Regional, Polonia, Petrus Serban - Compania Națională "Apelor Române", România; Slobodan Petrovic -

de Est, implementarea Directivei Cadru a Uniunii Europene 2000/60/EC în domeniul apelor în țările centrale și est europene politice de țară și a apelor în țările centrale și est europene; o adunare generală cu privire la AQUADOC - DTEE.

În cadrul primei Adunări Generale a CEE NBO s-a convenit și adoptarea unui program de activități viitoare. Participarea și-a exprimat interesul pentru activitățile activității în cadrul CEENBO:

- întărirea relațiilor între membrii CEE NBO și țările vecine acestora;
- facilitarea implementării Programului Asociat între GWP și ROB în regiunea CEE NBO;
- organizarea activităților tehnice "Standart și problemele implementării Directivei cadru în țările CEE NBO";
- stabilirea de informații privind structura organizațională realizată în cadrul CEE NBO în scopul implementării Directivei cadru - a UE 2000/60/EC;
- dezvoltarea unor programe de informare și pregătire a populației și a reprezentanților autorităților locale.

Pentru că Slovenia și Lituania nu au putut răspunde invitației de a fi prezente la Adunarea Generală de la Sinaia, au fost informate ulterior cu privire la hotărârile luate la această întâlnire. În urma cu câteva zile, Slovenia a informat Președintele și Secretariatul CEE NBO cu privire la decizia de a participa, ca și Ungaria, ca observator permanent în cadrul CEE NBO.

Existența președintelui CEE NBO reprezentat, în primul rând, o companie națională "Apelor Române" ca membru în ROB, compania națională "Apelor Române" fiind membru fondator al acestei Organizații Internaționale.

În al doilea rând, poziția ocupată de România în cadrul acestei Organizații Central și Est Europene, este recunoscută, în sensul țărilor membre și politice pe care țara noastră o aplică în domeniul gospodării apelor. Astfel, caudal de activități a activității de cooperare a apelor din România se realizează pe bazine hidrografice, începând din 1946. Acesta este de altfel, și cel mai vechi concept de cooperare a apelor prevăzută de Directiva privind activitatea de cooperare a apelor prevăzută de Directiva privind activitatea de cooperare a apelor prevăzută de Directiva privind activitatea de cooperare a apelor prevăzută de Directiva privind activitatea de cooperare a apelor.

Sinaia, 1-2 februarie 2002
Foto Bogdan Macariu - Slovenia

Aurea Vălin și Nicol Lăcăr - membrii în Secretariat.

Pe parcursul celor două zile ale întâlnirii s-au discutat câteva teme interesante, bazate pe următoarele problematice: situații și reprezentanții Asociației GWP/ROB în Europa Centrală și

Info CEE NBO

The first Liaison Bureau of CEE NBO
Romania, Calimesti, 13 November 2002

On 2003. At Director presented the NBO activities since the General Assembly October 2001 and the future actions till the end of 2001 and for the 2002.

Regarding the actions planned for 2003 in CEE NBO region, we have established the next Liaison Bureau (joint with another working group) that will be held in Romania, at Iasi, in December 2003.

On the occasion of this Bureau, there was a very interesting technical seminar on the subject of WFD implementation concerning the elaboration of job status, with particular attention to identification of water bodies and characterization of heavily modified water bodies. The workshop was organized by the CEE NBO Secretariat, the International Office of Water and the Ministry of Ecology and Sustainable Development.

The main objectives of this seminar were to facilitate the dissemination of EU guidance documents within the applicant countries, to present the results of the French workings in the field and to allow the Basin Committees of the Candidate Countries to exchange their work experience.

After the Closing by the Representative of the National Administration "Apelor Române", Mr. Costica Sofronie, the representative of the Ministry of Waters and Environmental Protection - Mr. Rosaria Bălan, the representative of CEJ Water Directorate - Mr. Nicolae Gaic, the Secretary of CEE NBO presented the Program report - CEE NBO.

The Liaison Bureau was the occasion to evaluate the progress of the "Associated Program GWP/ROB" - strengthening and development of basin organizations", launched with the Global Water Partnership in Central and Eastern Europe. The goal of the "Associated Program" is to support all initiatives for the organization of Integrated Water Resource Management at the river basin.

At the end, the representatives of CEJ and Slovenia have proposed six projects. Other issues discussed were the budget and the next meeting

RESEAU INTERNATIONAL DES ORGANISMES DE BASSIN INTERNATIONAL NETWORK OF BASIN ORGANIZATIONS REO INTERNATIONAL NETWORK OF BASIN ORGANIZATIONS REO INTERNATIONAL NETWORK OF BASIN ORGANIZATIONS

info CEE NBO

GENERAL ASSEMBLY OF CENTRAL AND EAST EUROPEAN NETWORK OF BASIN ORGANIZATIONS - CEENBO SINAIA, ROMANIA - 1-2 FEBRUARY 2002

International Network of Basin Organizations objective is to promote integrated water resources management and sustainable development on a regional level. The network is composed of 134 of basin organizations and governmental organizations in charge of water management in 51 countries. Taking into account, on one hand, the great number of the members and on the other hand, the coordination between experts is rather difficult, and on another hand, the fact that the respective problems are specific to each country, the necessity of creating the Central and Eastern European Network of Basin Organizations (CEE NBO) has become obvious.

The 1st General Assembly of Central and Eastern European Network of Basin Organizations took place on the 1st of February 2002 in Romania, Sinaia. The event was organized by the Ministry of Waters and Environmental Protection and National Administration "Apelor Române" (ANP) - Romania, with the support of the International Office of Water and the Ministry of Ecology and Sustainable Development.

Nearly 60 participants represented nine countries of the Central and Eastern European region: Bulgaria, Czech Republic, Poland, Romania, Serbia and Slovenia, and Mr. Francisco Canal from the Ministry of Environment of France, Secretary of the International Office of Water and Environmental Protection.

The main objectives of this assembly were to present the results of the French workings in the field and to allow the Basin Committees of the Candidate Countries to exchange their work experience.

After the Closing by the Representative of the National Administration "Apelor Române", Mr. Costica Sofronie, the representative of the Ministry of Waters and Environmental Protection - Mr. Rosaria Bălan, the representative of CEJ Water Directorate - Mr. Nicolae Gaic, the Secretary of CEE NBO presented the Program report - CEE NBO.

Info CEE NBO

In the framework of the 1st General Assembly of CEE NBO, the participants in the General Assembly expressed their interest in the following main activities of the CEENBO:

- strengthening the relations between NBO members from neighbouring countries;
- facilitating the implementation of the existing Associated Program of the Global Water Partnership in the CEE NBO region so as to have maximum value towards the local level;
- exchanging technical expertise on the implementation of the European Commission Directive (WFD) in the CEE NBO region;
- facilitating the implementation of the existing Associated Program of the Global Water Partnership in the CEE NBO region so as to have maximum value towards the local level;
- exchanging technical expertise on the implementation of the European Commission Directive (WFD) in the CEE NBO region;
- facilitating the implementation of the existing Associated Program of the Global Water Partnership in the CEE NBO region so as to have maximum value towards the local level;

The first Regional CEE NBO Workshop, Poland, Warsaw, 4-5 July 2002

Among the objectives of the meeting of Sinaia the participants have stressed the importance of exchanging the EU Water Framework Directive (WFD) and facilitating the organization of the existing Associated Program of the Global Water Partnership in the CEE NBO region so as to have maximum value towards the local level.

The workshop was organized by the National Administration "Apelor Române" as CEE NBO Secretariat, and by the representative Office for water bodies. The organization of the workshop in Poland was conducted under the auspices of the Ministry of Environment.

The participants were offered in charge of organizing work for implementation of the WFD within concerned Ministries, National Office for Water. Basin Organizations of CEENBO courses.

Info CEE NBO

French experts from the Ministry of Ecology and Sustainable Development (MSE) and Water agencies, members of an ad hoc working group, representatives of IRRS/EU group.

Presentations and discussions covered the following topics:

- Context: understanding and identification of applicant pressures and assessment of their impact;
- Criteria for identification of pressures and assessment of their impact;
- Data to be collected: list of main types of pressures, existing sources of information, links with sectorial directives, programme and treatment for accurate measure data;
- Existing tools: GIS, cartographic presentation, models for evaluation of potential impact;
- Case studies;
- Presentation of Central and Eastern European countries experience;
- The experts of the French experts presented the following issues:
- The general guidelines for methodological guides established in line with the principles of the WFD; these countries, so as to integrate both the technical and the socio-economic aspects of the WFD;
- The presentation and analysis of the methodological guides' draft elaborated by the Working Group from the European level; IRRS/EU group;
- Aspects regarding the identification of pressures, as the necessary requirements of data processing: Case study of Lake Water Agency (Bulgaria);
- The general presentation of the economy;

Regarding the study of the Central and Eastern European Network of Basin Organizations - CEE NBO, Mr. Danieș Mădălin, as CEE NBO Secretary, presented the evolution of the activities and the perspectives for the future of the National Administration "Apelor Române" as CEE NBO Secretariat.

After the closing, the representatives of the National Administration "Apelor Române" as CEE NBO Secretariat, and by the representative Office for water bodies. The organization of the workshop in Poland was conducted under the auspices of the Ministry of Environment.

The participants were offered in charge of organizing work for implementation of the WFD within concerned Ministries, National Office for Water. Basin Organizations of CEENBO courses.

SLOVÉNIE

Assistance à la mise en œuvre du Centre de Formation aux Métiers de l'Eau

L'offre de formation réalisée en 2001-2002 par l'OEau, avait mis en avant les objectifs stratégiques du centre de formation...

- Application des Directives européennes du domaine de l'eau, le redressement économique des Services d'Eau et d'Assainissement...
Familiarisation de la protection environnementale.

Le projet d'appui à la création du CSPE, approuvé par les Ministres français des Affaires Étrangères et de l'Écologie...

En 2003, l'assistance de l'OEau a porté principalement sur les points suivants:

- montage financier: appui au Gouvernement slovaque pour la recherche de fonds européens...
préparation des statuts à nature juridique du Centre...

Appui à l'équipe slovaque du projet pour ce qui concerne les sites d'implantation...

Appui à l'équipe slovaque du projet pour ce qui concerne les sites d'implantation, analyse des deux sites proposés...

POLOGNE

Soutien à la gestion décentralisée et participative des ressources en eau

Application décentralisée des Directives européennes. Le projet est mis en œuvre sous l'égide du Ministère de l'Environnement...

- soutien aux collectivités régionales et locales: l'application des Directives européennes ne sera effective que si les acteurs régionaux et locaux sont informés...
méthodologie de développement d'un service d'informations en ligne...

Le projet est mis en œuvre sous l'égide du Ministère de l'Environnement et de l'Écologie de la Pologne...

CEENBO

The Central and Eastern European Network of Basin Organization has the following main objectives :

- to develop lasting relations between the organizations in charge of such a comprehensive management in Central and Eastern Europe, and favor exchanges of experiences and expertise among them, especially for implementing the water directives of the European Union;
- to facilitate the implementation of tools suitable for institutional and financial management, for knowledge and follow up of water resources, for the organization of data banks, for the concerted preparation of master plans and action programs in the medium and long term;
- to develop information and training programs for local elected officials, for users' representatives and for the different stakeholders involved in water management as well as for the executives and staff of the organizations in charge of water management at the river basin level;
- to encourage education of the population regarding these issues;
- to promote these principles in international cooperation programs;
- to evaluate ongoing actions initiated by the member organizations and disseminate their results.

Other activities of CEE NBO

- take the necessary steps to **extent CEE NBO**;
- present the activity of CEE NBO in INBO meetings, including by articles in *The network newsletter* and different other newspapers ;
- create and up-date the **CEE NBO site** (www.ceenbo.org) ;
- animate CEE NBO members to apply for **TWINBASIN EC programme**

EC TWINBASIN programme – CEE NBO countries involvement

- **First call** for proposals – deadline March 2004; **1 from 5 (20 %)** accepted proposals have at least a partner (BO) from CEE NBO
 - The twinning “*Júcar / ES – Buzau Ialomita / RO*” represented the **test project of the TWINBASIN programme** ; also **first requested and approved extension**
- **Second call** for proposals - deadline 31 July 2005 ; **2 from 9 (22 %)** eligible proposals have at least a partner (BO) from CEE NBO
- **Third call** for proposals - deadline 15 March 2006 ; **4 from 8 (50 %)** eligible proposals have at least a partner (BO) from CEE NBO
- **Twinning supported through 2006** ; **2+1 from 5 (40 %)** eligible proposals have at least a partner (BO) from CEE NBO
- **Last call** for proposals – **projects 2007** ; **7 from 10 (70 %)** eligible proposals have at least a partner (BO) from CEE NBO

Results : 16 from 37 (43 %) eligible proposals have at least a partner (Basin Organisation / country) from CEE NBO Network

Secretariat of CEE NBO – new location

- The Secretariat of CEE NBO has been ensured by *Apele Romane* National Administration headquarter since Feb. 2002 (6 Edgar Quinet, Cod 010018)
- Starting with January 2007, the CEE NBO Secretariat moved to the ***National Institute of Hydrology and Water Management (NIHWM)***, within *Apele Romane* National Administration

- New address : 97 Bucuresti-Ploiesti, Cod 013686
- Tel / Fax : 00 40 21 3179992 / 00 40 21 318 11 16
- daniela.radulescu@hidro.ro – Director *Water Management* Dpt.

National Institute of Hydrology and Water Management (NIHWM) – fields of activity

- the **unique national institute in the field of hydrology, hydrogeology and water management in Romania**, being subordinated to the “Apele Romane” N. A. ;
- elaborates **studies** and provides **research** and development services for **hydrology, hydrogeology and water management** :
 - diagnosis, warnings in case of dangerous hydrological phenomena, national and transboundary hydrological forecasts, eco-hydrology studies, water management studies.

NIHWM - member and active participant to numerous associations and organizations :

- Romanian Association of Hydrological Sciences - **RAHS**
- World Meteorological Organization - **WMO**
- National Committee for International Hydrological Program – **IHP UNESCO**
- International Association of Hydrological Sciences - **IAHS**
- European Union of Earth Sciences
- Central and Eastern European of Basin Organization - **CEE NBO Secretariat**

CEE NBO next meetings

2007

- **CEE NBO meeting** joint to the plenary meeting of **EURO-INBO**, Italy, Autumn 2007
- **CEE NBO workshop**, Praha - CZ, Autumn/Winter 2007 (Topic : *Important Water Management Issues & Public Involvement*)

2008

- **CEE NBO Liaison Bureau meeting** joint to the **Conference "Water resources in Europe"**, Poland, first half of 2008
- **CEE NBO workshop**, Hradec Kralove - CZ, 19 – 23 May 2008 (Topic : *Programme of Measures*)
- **CEE NBO meeting** joint to the **Magdeburg Seminar on WFD and EURO-INBO meeting**, Germany, 7 – 10 October 2008

2009

- **General Assembly of CEE NBO**, Bulgaria, *Spring 2009*

CEE NBO perspectives, strategy

- **The implementation of the EU Water Framework Directive and the EU Flood Directive** proposed to be the future subjects of CEE NBO activities.
- **Develop the existing CEE NBO website by incorporating the current country experience in the water sector.**
 - **A. Organization Structure for Water Management System**
 - **B. Basic Water Law**
 - **C. Lessons Learnt from**
 - **C.1 Real situation**
 - **C.2 Projects**
 - **D. Extreme Fenomena (floods and draughts)**
 - **D.1 Official state policy**
 - **D.2 Opinions / experiences of Water Managers**

Thank you for your attention !
