

List of contribution proposals to WWF 5th - Topic 3.1

Proposals made to UNESCO and INBO (in white - only to UNESCO ; in blue - to UNESCO and INBC)

Organization	Organization name		Contact name	Email address	Country	Title or proposition
ETIC	Euphrates Tigris Initiative for Cooperation	Mr	Dr. Aysegul Kibaroglu	kaysegul@metu.edu.tr	Turkey	What cooperative initiatives does the Euphrates-Tigris Initiative for Cooperation (ETIC) offer for economic, technical and social sustainable development within the Euphrates-Tigris region?
VEOLIA	Véolia Eau	Mr	Ambroise Guellec	d.gaillard@worldwatercouncil.org	France	Financing the management of hydrographical basins
			Two persons from : Niger Basin Agency Danube Basin Agency	Pierre-Alain.MAHE@veoliaeau.fr d.gaillard@worldwatercouncil.org		Effective Management for transboundary cooperation : Niger and Danube
AWC	Arab Water Council	Mr	Wael Khairy	safwat@mwri.gov.eg	Egypt	Prospects of cooperative efforts for managing of shared surface water resources in the arab region and neighbouring countries (Ask an answer before 20 June 2008 (2nd regional meeting))
		Mr	Shaden Abdel Gawad	safwat@mwri.gov.eg	Egypt	Coping with challenges of managing shared ground waer aquifers (Ask an answer before 20 June 2008 (2nd regional meeting))
WMO	World Meteorological Organization	Mr	Mohamed Mahmoud TAWFIK	mtawfik@wmo.int	Switzerland	For topic 3.1.4. operational tools for transboundary water cooperation. World Hydrological Cycle Observing System-WHYCOS as an operational tool for the Management and Trans-boundary Cooperation over surface and groundwater resources
LHWC	Lesotho Highlands Water Commission		Benedict Tsiu Khathibe	khathibe@lhwc.org.ls	Lesotho	bi-national project between the Government of Lesotho and the Republic of South Africa. the success story of the Lesotho Highlands Water Project (LHWP). The Paper mainly would be on the lessons learned during the implementation of the Phase 1 of the project
Université de Annaba	Université de Annaba	Mr	Larbi Djarbi	djabri_larbi@yahoo.fr	Algérie	Le Tafna et le Medjerda
WWF-Turkey	World Wide Foundation - Turkey		Buket Bahar Divrak	bdurmaz@wwf.org.tr	Turkey	For topic 3.1.4. operational tools for transboundary water cooperation. How to integrate different tools to the river basin management process? (such as Comprehensive Options Assessment, Environmental Flows, Cost-Benefit Analysis, Environmental Impact Assessment)
GEF FFEM	Global Environment Facility		Al Duda	Aduda@thegef.org		souhaite s'investir dans l'organisation et contribuer
GEF projects						complément d'info - A. Aureli
Unesco ISARM		Ms	Alice Aureli	a.aureli@unesco.org		Regional Dialogue and Twinning to Improve Transboundary Water Resources Governance in Africa
SADC	South African Development Community	Mr	Joao Caholo	jcaholo@sadc.int	South Africa	as Southern African sub region the joint management and cooperation of Trans- boundary water resources is one of the major priorities of regional integration and development
COCEF	Border Environment Cooperation Commission		Gonzalo Bravo	gbravo@cocef.org		suces story about regional stakeholders in the Rio Bravo/Rio Grande Watershade, a binational basin shared by Mexico and the USA

ucewp	Ukrainian Center for Environmental and Water Projects	Mr	Andriy Demydenko	andriyd@ucewp.kiev.ua	Ukraine	proposal of case studies presentation and ready to invest themselves for preparation
ODI	Overseas Development Institute	Mr	Alan Nicol	a.nicol@odi.org.uk		proposition for session 3.1.3 - on the Nile : stakeholder engagement under the Nile Basin Initiative – both from the perspective of the NBI and civil society
SAR LAW		Mr	Jitzchak Alster	jalster@sar-law.com		The role of bilateral and regional institutions in transboundary water use management : Jordan and Israel
SIC ICWC	Scientific Information Center of Interstate Coordination Water Commission	Mr	Victor Dukhovny	dukh@icwc-aral.uz	Uzbekistan	"Need to strengthening tools for transboundary cooperation case study of Central Asia
EC STRIVER project		Mr	Alistair RieuClarke	a.rieuclarke@dundee.ac.uk		the governance regimes of 2 transboundary basins
AYM	African Youth Movement	Mr	Otu, Uwem Robert	aymrig@yahoo.com		How to organize and enable stakeholder's participation in basin, groundwater management, and trans-boundary cooperation
UNECE	UN Commission for Central Europe	Ms	Francesca Bernardini	Francesca.Bernardini@unece.org		2 propositions. demande à discuter du rôle de UN Water Task Force
HUJI	The Hebrew University of Jerusalem	Mr	Itay Fischhendler	fishi@mscc.huji.ac.il		plusieurs propositions, pour session 1, 2,...
UEA	University of East Anglia, UK	Mr	Dr Bruce Lankford	B.Lankford@uea.ac.uk	UK	a transboundary tools workshop in Zambia (that got the highest evaluations), using two spreadsheets and a game
GWP SC			Aniruddhe Mukerjee	aniruddhem@yahoo.com		experiences on aquatic basin management in lakes in the form of a presentation in WWF, Istanbul
BECC	Border Environment Cooperation Commission	Mr	Gonzalo Bra	gbravo@cocef.org		transboundary water successful story which at the same time has improved the solidarity between regional stakeholders in the Rio Bravo/Rio Grande Watershed, a binational basin shared by Mexico and the USA
Ecologic*	Ecologic	Ms	Nicole Krantz	kranz@ecologic.de	Germany	for session 3 "Organizing and enabling stakeholder participation": Public participation in transboundary water management: bridging
DELTA RES & IGRAC	International Groundwater Resources Assessment Centre	Mr	Neno Kukuric	nenokukuric@tno.nl	Netherlands	Transboundary aquifers assessment and information sharing: This topic is one of the IGRAC core activities. Therefore, IGRAC has developed an experience based methodology for assessment of internationally shared aquifers. Among others, the methodology considers issues of delineation, classification and common information management. Since the transboundary aquifer management is about the people, IGRAC will also present its view on socio-economic dimension of international groundwaters. Finally, we would like to discuss possible incentives for improvement of
AWIRU	African Water Issues Research Unit	Ms	Jaqui Goldin	jagoldin@sybaweb.co.za	South Africa	"Let's talk water". For session 3 : Organising and Enabling Stakeholder's Participation
Peace Canal	Peace Canal on the Golan Heights Initiative		Boaz Wachtel	wachtel@shani.net	Israël	Peace Canal Plan on the Golan Heights, a water import project from Turkey to the Jordan river water shed countries (Syria, Jordan, Israel and Palestine). For session 2.

EWRI	Environmental & Water Resources Institute	Mr	Brian Parsons	bparsons@asce.org	USA	Utility of IWRM Lessons Learned by Developed Countries for Developing Countries. for session 1
CMCC	Euro-Mediterranean Center for Climate Change	Mr	Jaroslav Mysiak, Dr.	jaroslav.mysiak@cmcc.it	Italy	Potential of Stakeholder Driven Water Development Polices on example on Brahmaputra and Amu Darya. for session 3
RU	Institute for biology of inland waters Russian Acad. Sci.	Mr	Vladimir Zolotarev	noo@ibiw.yaroslavl.ru	Russia	Integrated Information Systems and training tools for water quality assessment development. for session 4
MRCS	Mekong River Commission Secretariat	Mr	Jeremy Bird	jbird@mrcmekong.org	Laos	preliminary ideas on Basin Development Plan. for session 1 and 2
DELFT	Delft University of Technology	Drs	Ebel Smidt	smidt.sg@inter.nl.net	Netherlands	The art and science of consensus building. for session 2 and 4
LAVAL	Université de Laval	Ms	Rosa Galvez	Rosa.Galvez@gci.ulaval.ca		Watershed management of water resources in Canada: problem and solutions at various scales and case studies. for session 1
WWFUS	WWF, Green Cross, and the UNESCO Centre for Water Law, Policy, and Science	Ms	Flavia Loures	flavia.loures@wwfus.org	USA	The Role, Relevance, and Adequacy of, and Relationships between, International Legal Instruments at various levels. for session 2
London SE	Centre for Environment Policy and governance, London School of Economics	Dr	Mark Zeitoun	m.zeitoun@lse.ac.uk	UK	Perpetuating or Resolving Water Conflict? The Problems with Asymmetric Transboundary Water Cooperation. for session 2
SICALA	SICALA Haute Loire		Charlotte Dumas-de-Raully	charlotte.dumas-de-raully@sicalahaute Loire.org	France	Description du SICALA et des outils de gestion utilisés; description du PAPILA (prévention des inondations); description du Contrat territorial du Haut-Lignon; description du projet Espace rivières europe
JRCB	Joint Rivers Commission, Bangladesh	Mr	Sajjad Hossain	jrcb@bdcom.net	Bangladesh	Relations between Bangladesh and the other riparian countries (Bhutan, China, India and Nepal) of the three international river basins viz - the Ganges, the Brahmaputra and the Meghna. case study of the Ganges water sharing treaty, 1996 showing its experience of negotiation, performance of the treaty and potentials of basin wide development following the principles of IWRM.
Unilag	University of Lagos	Mr	James O Akanmu	joakanmu@yahoo.com	Nigeria	Chronicles of achievements and problems of Trans boundary basin management- A case of LCBC and NBA : problems and achievements of Lake Chad Basin Commission and Niger Basin Authority.
HWE	House of Water and Environment	Mr	Khaled Rajab	khaled.rajab@hwe.org.ps	Palestine	commentaires sur le working paper
HWE	House of Water and Environment	Mr	Khaled Rajab	khaled.rajab@hwe.org.ps	Palestine	"Protecting Trans-boundary Groundwater Resources from Pollution Through Municipal Research, Training, and Guidelines": joint project between the House of Water and Environment and Friends of Earth-Middle East (funded by the European Union LIFE Third Countries Program, the German Ministry of Environment, and Green Cross France). 2 case studies: the Palestinian City of Tulkarm and the Israel City of Um Al Fahem
NWRC	National Water Research Center	Mr	Ahmed Rashad Khater	drkhater@nwrc-egypt.org	Egypt	Management of Shared Aquifer Systems, regional experience of the Nubian Sandstone Aquifer System (NSAS)
GAP-RDA	Southeastern Anatolia Project Regional Development Administration	Mr	Nese Cakir	ncakir@gap.gov.tr	Turkey	water resources development in a holistic socio-economic context: Southeastern Anatolia Project
		Ms	Hande Akcakoca	hakcakoca@yahoo.com	Turkey	

	San Diego Coastkeeper		Karen Franz (Watershed Program Director, San Diego)	karenjm@sdcoastkeeper.org		The issues surrounding the Tijuana Watershed necessitate an integrated approach and we are currently seeking the expertise and resources to conduct a comprehensive planning approach – going beyond the infrastructure, and looking to the community level, incorporating the environmental justice concerns as well as cultural / institutional dynamics
	National Oceanic and Atmospheric Administration at the Tijuana River National Estuarine Research Reserve, Urban Studies and Planning program at UC, San Diego	Mr	Aaron Hartmann (Coastal Training Program Coordinator, Professor)			
	Scripps Institution of Oceanography (Marine Biology Research Division), Center for Marine Biodiversity and Conservation	Mr	Oscar Romo (student (Ph.D))			
Water Conference Meadlle East		Mr	John Bell	jbell@toledopax.org	Spain Zaragosa	Conclusions of the conference on water in Meadlle East
Shiga Prefectural Government	Department of Lake Biwa and the Environment Shiga Prefectural Government		John Bell	hirowaki-masaki@pref.shiga.lg.jp	Japan	presentation of the case of Lake Biwa Comprehensive Development Plan (LBCDP) and Mother Lake 21 Plan
Oregon State University, IWRA	Department of Geosciences, Oregon State University, Water Resources Association		Cecilia Tortajada and Dogan Altinbilek (IWRA)			Transboundary cooperation: looking towards the future with new partnerships
MENBO STP	Technical Secretrait of MENBO	Ms	Maria Serneguet Belda	Maria.Serneguet@chj.mma.es	Spain	Results coming from Session co-organised by INBO, MENBO and ERP (European Regional Process) in Zaragosa, focused on River Basin Management and Transboundary Cooperation in Europe and the Mediterranean
UNEP	Freshwater and Terrestrial Ecosystems Branch, Division of Environmental Policy Implementation, UNEP	Ms	Johanne Jelnes	Johanne.Jelnes@unep.org		How to incorporate environmental sustainability dimensions into transboundary cooperation?
ISRIC	ISRIC - World Soil Information	Mr	Sjef Kauffman	Sjef.Kauffman@wur.nl		Green Water Cerdits' case
JRC, BWP	JRC, BWP	Mr	T.A. Khan	tauhidulkhan@yahoo.com, qis@bol-online.com,bwp@dhaka.net		I worked for over 30 years as a Government of Bangladesh negotiator on issues pertaining to sharing and management of water resources of International Transboundary rivers in the South Asian region. My experience and knowledge of the South Asian region. My experience and knowledge of the South Asian region. My experience and knowledge of the South Asian region. IUCN has just produced "SHARE: Managing water across boundaries", which is a toolkit that elaborates the building blocks of a benefit-sharing approach to transboundary water
IUCN	IUCN		Katharine Cross, Alejandro Iza, Thomas Greiber	Katharine.Cross@iucn.org		

Proposals made to INBO only

Organization	Organization name	Contact name	Email address	Country	INBO Contribution proposals
Direction des Ressources en eau	Ministry of Environment, Nature Conservation and Tourism		Crispin Sedeke Okwul crisedeke@yahoo.fr	DRCongo	
	Senat of Costa rica	Ms	Maureen Ballestero Vargas tempis@racsa.co.cr	Costa Rica	
IUCN		Mr	Rocio Cordoba rocio.cordoba@iucn.org		
	Jeunes volontaires pour l'environnement Togo - Réseau africain des rivières, Directeur	Mr	Sena Alouka yvetogo@hotmail.com	Togo	
AFD	Agence française de Développement + BAD	Mr	Martin Parent	France	Bassins transfrontaliers en Afrique
Asia Society	Asia Society	Mrs	Suzanne Di Maggio sdimaggio@asiasociety.org	Asia	What is the current state of water scarcity issues in Asia and what are the security linkages/implications? How will tomorrow's water disputes look different from today's disputes? What are the potential areas of conflicts and/or destabilization related to water in Asia? What are the relationships between water scarcity, on the one hand, and conflict and cooperation, on the other? How can good water management advance conflict management/prevention? What can be done to strengthen global responses to water-related issues? Is there a region-wide approach/strategy to good water governance that can be adapted to local conditions?
FAO	Food and Agriculture Organization	Mr	Thierry Facon Thierry.facon@fao.org	India	Socializing groundwater management vs hydrocratic approaches: a promising approach developed in Andhra Pradesh.
UNESCAP	United Nations Economic and Social Commission for Asia and the Pacific	Mr	Ti Le-Huu ti.unescap@un.org	Asia	Building a regional knowledge hub on transboundary water resources management in Asia: This is expected to be linked to the ongoing efforts of the United Nations System on this subject.
MMA	DG Aguas	Ms	Elisa Vargas at_evargas@mma.es'	Spain	Drought Management in Basins
MMA	Asuntos internacional Direccion General del agua	Mr	Miguel Antolin buzon-intersgpusa@mma.es'	Spain	Existing Tools for Water management hydrological plan for WFD
PWP	Pakistan Water Partnership	Mr	Karamat Ali pwp@pwp.org.pk	Pakistan	Sharing of country specific on-ground IWRM intervention to promote the integrated concepts and help achieve Millennium Development Goals set by the UN. This will also provide an opportunity to the participants to understand and evaluate the on-ground practicability of IWRM.
University Liege	Belgium	Mr	J. Smitz J.Smitz@ulg.ac.be	Belgium	Integrated modelling for management of extreme events
SIC ICWC	Uzbekistan	Mr	Pulatkon Umarov dukh@icwc-aral.uz	Uzbekistan	Training centre for regional cooperation
ECRR	European Center for River Restoration	Mr, Mr	Bart Fokkens, Harald Leummens ecrr@cirf.org, bart.fokkens@rws.nl	Italy	

MMA + REMOC	Confederacion Hidrografica	Mr	Juan Lopez Martos	remoc1@remoc.org	Spain	Spain and its "cuencas hidrograficas"
University Spain	Castilla la Mancha	Ms	Anna Osann Jochum	Anna.Osann@uclm.es	Spain	Participatory multi level EO- Assisted tools for irrigation water management and agricultural support
BWP	Bangladesh Water Partnership	Mr	Md. Nazrul Islam	asifnazrul@gmail.com, lawfac@bangla.net	Bangladesh	Knowledge sharing/co-chairing/ working as Rapporteur at any session on the basic standards and principles to be adopted for an efficient basin management regime and how these could impact integrated water resource management at the regional and national level.

Ecological institute	Omsk	Mr	Sergey Kostarev	skostarev@mail.ru	Russia	Russian Kazakh transboundary management skills ; the Irtysh River Basin
EFWS	Environmental Flood Water System	Mr	Rosa R. Mikhailenko	mikhailenko@morzashita.gov.spb.ru	Russia	St Petersburg Flood protection barrier as tool for water resources management: flood protection and water quality improvement under extreme conditions
JRBA	Jucar River Basin Authority	Mr	Juan J. Moragues	Maria.Sernequet@chj.mma.es	Spain	Experiences in Jucar basin droughts
CDWE	Central Directorate for Water and Environment	Mr	Kalman Papp	papp.kalman@ovf.hu	Hungary	Cooperation in Danube River Basin
INBOT	Network of Int Commissions & transboundary BO	Mr	Mohammed salem Ould Merzoug	omvssphc@sentoo.sn	International Organization	Transboundary cooperation and water bmanagement; key principles
ANBO RELOB	African and Latin America Network of Basins	Mr;	OMVS - Senegal + ANA - Brazil Oscar Cordeiro	Oscar@ana.gov.br	Senegal	Financing integrated water management in the context of basin organisations
ANBO	African Network of Basin Organisations	Mr	Tamsir Ndiaye	tamsir.ndiaye@omvs.org	Senegal	Information System at basin level; IWRM applied at basin level
MENBO	Mediterranean Network of Basin Organisations	Mrs	Katharina Kober	Katharina.Kober@chj.mma.es	Spain	The planification in the context of basin management and Basin organisation
CEENBO	European Network of Basin Organisations	Mrs	Daniela Radulescu	daniela.radulescu@hidro.ro	Romania	How to develop participation of actors and public thanks to Basin Management
EURO RIOB	European Group of BO for WFD Implementation	Mr	Laszlo Kothay	kothay@mail.kvvm.hu	Hungary	WFD : methodology, status
OSCE		Mr	Bernard Snoy and David Swalley	bernard.snoy@osce.org	International Organization	Shared waters governance basin and water geopolitics topic; water basin and promotion of security and cooperation in river basins

Other propositions or contributions to the process

Organization	Organization name	Contact name	Email address	Country	Other propositions
ASCE	Environmental and Water Resources institute of the American Society of Civil Engineers	Mr Daene McKinney	daene@aol.com	USA	Proposition of a session under topic 3.1
Canada gov	Department of Environment & Conservation	Shibly Rahman	shiblyrahman@gov.nl.ca	Canada	works on several projects on water quality
IWWA	Indian Water Work Association	Mr to the attention of Mr. S.D. Mande, Hon. Secretary General	iwwa@rediffmail.com	India	potentially interested in participating - will confirm it
AL	Arab League	Dr Wael Khairy	w.khairy@nws.gov.eg	Egypt	Proposition of a session under topic 3.1: "Prospects of Cooperative efforts for managing of Shared Surface Water Resources in the Arab region and neighboring countries"

Organization	Organization name	Contact name	Email address	Country	Other contribution
WWC	World Water Council	Mr Danielle Gaillard	d.gaillard@worldwatercouncil.org		not a proposal for contribution but the final report from regional process in South Eastern Europe
ARD - RDC	Association pour la reconstruction et le développement	Mr François Kalwele	ardcongo@yahoo.fr	RDCongo	demande à participer aux réunions préparatoires et à participer au WWF5th (organisent eux mm une conférence en oct 2009)

FCIHS	Fundación Centro Internacional de Hidrología Subterránea	Mr	Dr. Fidel Ribera Urenda	gerencia@fcihs.org	Espana	exprime son intérêt à travailler sur le document de travail (eaux souterraines)
Aqualia	Water Company	Mr	Angel Garcia Munoz	AGarciaMu@fcc.es	Espana	exprime son intérêt à collaborer
IUCN	International Union for Conservation of Nature	Mr	Mark Smith	Mark.Smith@iucn.org		I am interested in receiving your latest update and information on opportunities to engage in the process for contributing to session planning - prêt à contribuer
CODESEN	Coordination des Organisations de la Société civile pour la Défense de l'Environnement et le Développement du Bassin du fleuve Sénégal	Mr	Aboubacry MBODJ	ambodj1@yahoo.fr		pas une contribution concrète mais un document de réflexion par rapport aux questions du thème 3.1.
EARS	Environment Agency of Republic of Slovenia	Ms	Stanka Koren	Stanka.Koren@gov.si	Slovenia	commentaires sur le working paper
UNI LJ SI	Université de Ljubljania	Ms	Mitja Brilly	mbrilly@fgg.uni-lj.si	Slovenia	commentaires sur le working paper
